Learn Why People Closest To You Can Not See What You Can

Here is What Separates You From The Masses

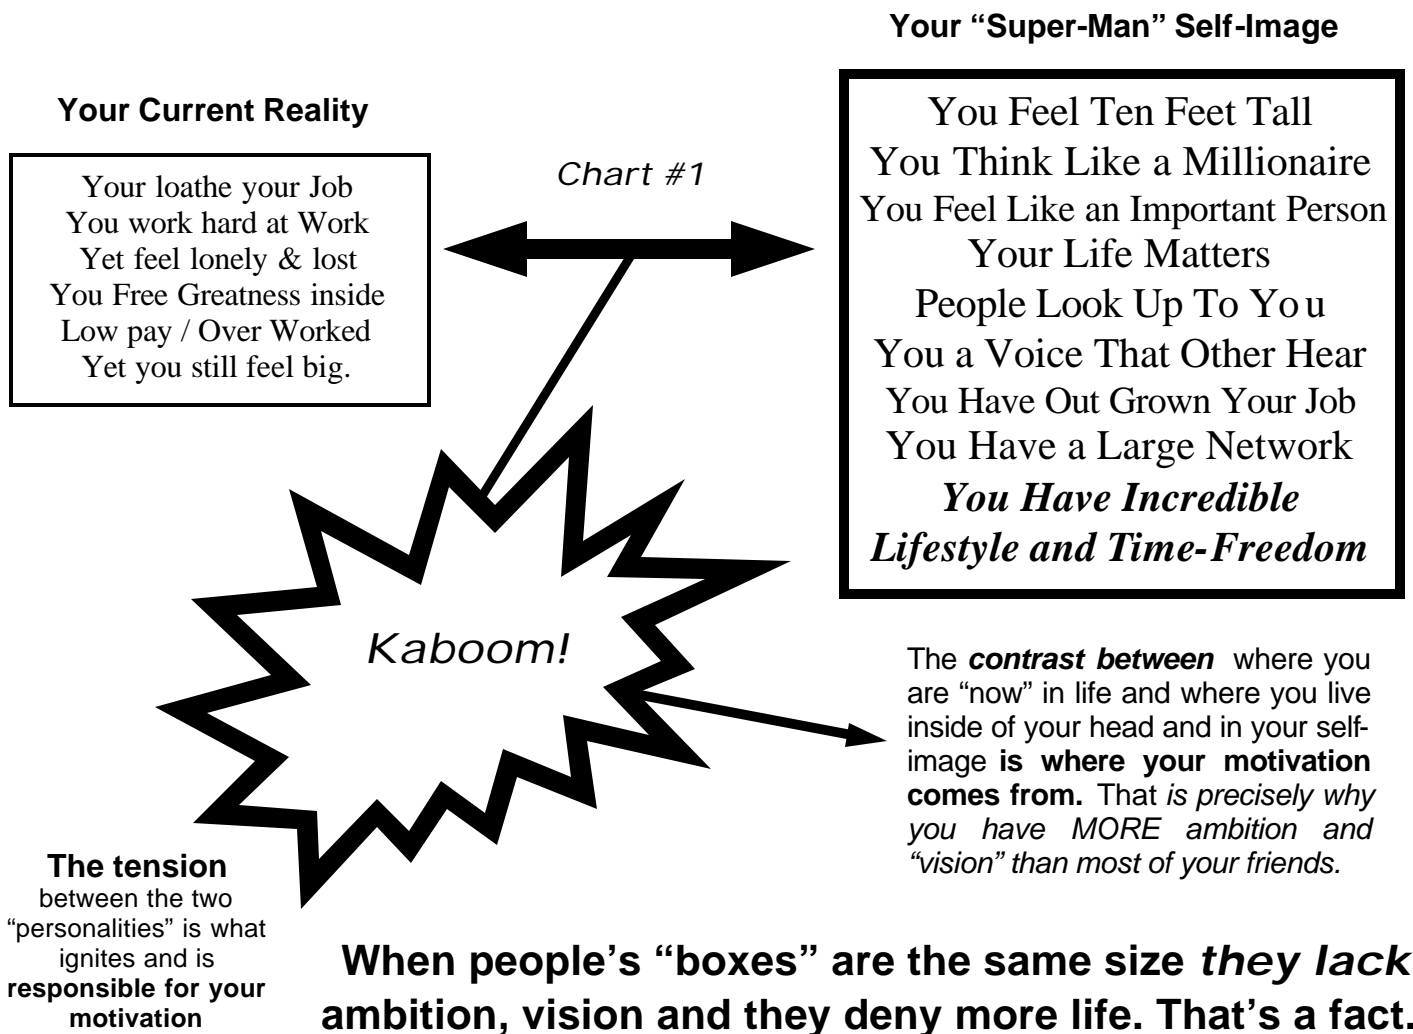

You Were Always Considered "Different" and Here's Why:

The reason most of your old friends and many in your family can't "see" what you see, is because *their self-image* is **THE SAME** as their experienced reality. (read that again)

With you, what you see as your self-image, **in your head**, is ten times **bigger** than what you are actually experiencing in current time reality. You earn \$65k, but you *see* \$400k.

Great people became great because "who" they were *in their heads* was ten times bigger **than what they were doing** and they figured out how to become the self-image that they saw in their heads. The contrast then, between both the current "life" and the self-image that you see in your head, *is why you can't stop seeking books and "opportunity" that speak about and use the same language that you are already hearing in your mind.*

Why? Because you are *chasing* the SELF that you see within your MIND.

6 Steps: Play Ghandi and Inspire Others. Then Play Oprah and Donny Deutsch and Get Paid To Give People a **Deeper and Higher Self Valuation**. Why Not You? *They Did*. Make a Difference & Get Paid.

Introduction: The Warriors Nest and Defiance of Struggle and Mediocrity.

The Challenge: Be yourself and be free. To get paid to inspire others.

The Fight Agreement:

I am Joe Schroeder: *You are divine, large and 10 feet tall and bullet proof!*

And I stand now before 1,000,000 fellow Soldiers of Prosperity in *defiance* from the restriction and slavery that has been cast upon us and I ask if you will fight with me or turn and return to the mediocrity from where you came?

You have come to fight with us as a free people. But I ask you, are you free?

They own your house.

They tell you when to wake up.

They pay you only in relation to your job title and could discharge you at their will tomorrow.
And yet you consider yourselves free?

They tell you when you can go home.

And there you stand, some cowering and asking, “How shall I fight the system?” while yet others buckle with the fear of how they will you survive if they stand with us and fight for our freedom.

Lincoln said, those who toil up from poverty are the ones to be trusted most... not those who remain in poverty! — Poverty is not a virtue but a self-induced crime rooted in the mind. Our minds have been poisoned against prosperity not only by our “friends” who struggle in poverty, but also by the media and television who bombard us with pictures of the rich being corrupt.

So now I ask you, if you *do not* fight for your freedom and you shrivel under the pressure of being SELF and surrender to the least of your fathers name, how will you survive in your death bed? In years to come, how will you settle your life?

What will you think in the moments *just before* your expiration here on earth?

Alright, *run now and you may live*. But you will live as slaves to the conditions of the suits who **you have paid** with frustration, embarrassment, shame and denied love.

Run now and while you may escape the agony of focus and the pain of discipline, you will still remain poor. Still wear your frustrations like a cheap jacket and you will . . .

“You don’t have to get it right, you just have to get it going.” and also learn and repeat this, “I am now a LAW unto myself.”

sully your fathers name and *give cause to your children to follow* in your mediocrity and die with your song still within your belly. Is that you?

But wait, listen, if you fight with us, for yourselves and **for each other**, you *still* may lose. You may even lose some friends, lose some money and you may also lose your mind; for a while, as I have at times.

However, if you do **STAND** now and fight for SELF, as I fight with you, in the day of your death, at that moment, you will have the knowing that you took the shot. You fought tooth and nail for your right to be free.

Now then . On your dying bed, years from now, would you be willing to trade all of the years that you spent **FIGHTING** for yourself and for the chance to inspire your own families into increase and freedom—or will you run and hide?

I ask you now to *fight* first and foremost **for yourselves** and secondly for your blood-line and lastly, *for the memory of WHO you were* which will live on for years into memorial AFTER you rise and enter into eternity.

The Gauntlet: What you *fight for now* will be the thing your future ancestors will remember you for. Not the size of our homes or the number of your bank accounts. But instead, *for what you believed in and died fighting for!*

In the art of prosperity, as I have taught, being is doing. In doing so, the gates must be drawn, the horses mounted, helmets strapped on and pelts in hand because to pass the guards at the gates of the gold, *a battle* must be born. Not in relation to others, **but in the battle of self**. Prosperity only follows a victory within the MIND of one. Yours!

The Battle field is within your mind. Life wasn’t intended to be a struggle - *but it is*. That’s why only the strong and disciplined succeed. This memorandum *and course* will serve you as a **magnificent battle plan**.

With organizations and structures around us grappling at your heels and trying to pin you down at every corner - it will now be your true **nobility** to further learn to expand your power and to fight to keep absolute control in your life. I offer you strength and much honor.

I respect your ability and commitment to life. Do know dear Sage, that now and forever more, **YOU are the Soldier!** You are also now . .

The victor of sight, the warrior of thought and you are now
a minister of more, a preacher of plenty. *A good news merchant.*

I so respect and admire *your ability to stand alone* because that will be
your only means from which you meet your spiritual path and pronounce
yourself The Conquering Chief.

On both accounts – neither will be handed to you. The victory will be yours
oh wise Warrior and SUN of God; but not without the discipline, sweat and
mental skill likened to the skill of being able to shave the eye-lashes off a
sleeping gnat without waking it up!

Society Will Endorse & Applaud Your Weakest Self

Society has taught and conditioned you to believe that *the whole* is more
important than you, the INDIVIDUAL. How convenient for Visa and Mas-
ter-card to have seduced you as their little faint pawn!

Well, from here on in, banish the thought because from t his day
forward you are a law unto self, under He who made you who is
ten feet tall and bullet proof.

The world is now and forever your oyster. Now decide. Now fight.

How To Pre-Enroll Now Fast With Our 24/7 Live Operators

Easy. Call 973-943-1097 with your Visa or Master-Card. Tell the operator WHO sent you here so they know who your sponsor is. Decide what monthly membership plan you want and tell them. Next, we will e-mail you the app to send back in, as well as mail **to your home** our prosperity booklet and CD!

Does the \$78.95 Plan Pay \$30 or \$50 per member?

It pays \$30 per member that you attach to the \$78.95 plan and pays monthly via check. If you live outside of USA all commissions are paid via www.Paypal.com and when your “front-line” signs people at \$78.95 we honor you with a one time \$20 check. Yes, you also earn on the sale of others. 30 people x’s \$78.95 = you earn \$900 per month residual income.

What’s the Difference Between \$48 and \$78 plan?

The \$48 has weekly call + MP-3 and they earn \$10 per \$48 member and \$48 people can not earn on \$78 people. **Both** \$48 and \$78 have live calls.

Get Paid Helping Others Build Their Residual Income

Earn a one-time \$20 “fast start” check when your people sign up others.

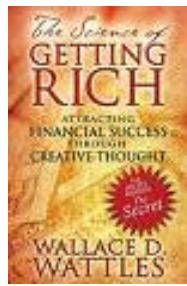

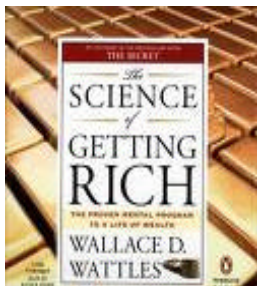

Why not send weekly checks by Pay-Pal?

Because people actually appreciate much more a tangible “check” they can touch, hold and some even frame. Many of our members are not internet savvy and love getting a **weekly check** from our club. Only people in USA get checks. Everyone else is paid via “Pay-Pal.”

Do we get a sales print-out of our organization? Yes. *It’s mailed with your monthly check.*

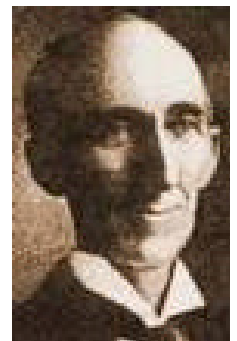

If I am at \$48, but a friend joins at \$78—then what? You always earn here at the “level” you joined at. The \$48 plan pays you \$10 per member, plus you will earn \$5 on \$30 members that you sponsor. If your friend joins at \$78 you would get paid \$10, not \$30. You earn on the “level” you join at.

What if my friend doesn’t have a CC card? Easy. Have them use their debit card.

WHO IS: The Million Mind March

**Our Timing is Perfect.
History Needs You Now!**

There will always be problems. There will always be failures and set-backs. Without them and if life was easy, that would be like a tight-rope walker laying down his rope directly on the ground. Who would pay to watch that? **No one!** *But they will pay to watch YOU become ten feet tall and bullet proof!*

The real thrill is watching others **become more** than their *circumstances*. For centuries, people **have** lined up, applauded and paid money to watch other people who could speak over defeat and who publicly flaunted their greatness. That's what we do here. We flaunt, speak and "be" great.

Imagine a place where no one ridiculed your idea of self greatness. Imagine a place where people could actually participate in live forums, live events and live freedom prosperity calls and they could then live out-loud and "be" just as you thought they could. Without allowing any job or money you currently don't yet have to quiet your own commitment to your own greater good. How huge is that! *That and that alone is the power of WHO* and what we are. That is what we do here and we are unlike anything else on earth.

We are a place, a Master-Mind, is what history calls what we have, where taller minds actually speak into quieter minds and **as a people**, we raise each other up to become once and for all— *equal*.

Ben Franklin used this process. His club was called the "Junto." Caesar had his own club and all greats including Andrew Carnegie— the oil tycoon— had a Master-Mind club. In fact he even paid Doctor Napoleon Hill \$20,000 dollars and asked him so spend twenty years interviewing his own members!

That book has become a national treasure and is called, "Think and Grow Rich." A book about the power of a master-mind. Look, if you teach people about money you shame the 78% or better who simply are not ready to "get rich." However, if you teach and inspire people to become great first in their heads, as Dr. Hill did, money often follows. The Million Mind March is a living-alive-breathing place where everyone is included and your voice can and will be heard. It's a gift you give to others because to expand a persons self-image *of themselves*, is a rare jewel, a gift, that can never be returned and often multiplies.
